A YEAR OF FIRSTS

Travel Salem's Travel Café

2008-09 was one of the most profound and successful years in the organization's history. The change agent? A drive to push the boundaries and deliver value for the visitor, the community and the partners that make it all possible. Characterized by industry firsts, bold innovation and unique partnerships, the list of accomplishments is staggering especially for an organization that only recently transitioned back from the City of Salem with a new contract in 2007.

One of the first tasks was to rebrand the organization. A Brand Council comprised of regional leadership welcomed the new moniker Travel Salem, and ushered in a new tagline "Absolutely Oregon." Travel Salem's new logo was developed and the new brand caught fire as a powerful community-wide and regional concept took hold—with 17 organizations adopting their own "Absolutely" tagline.

Travel Salem also found a new home after 24 years at the beautiful Mission Mill Museum. On January 31, Travel Salem packed its bags and moved to the heart of Salem's historic district. The first-ever Travel Café, a destination visitors center, was launched after receiving wide community support and investments from 31 partners to help fund the project. Shortly after opening its doors, it was recognized with the Governor's Award for Creative Tourism Development. This regional project sets the bar for the ultimate visitor experience by getting the visitor up-close-and-personal in new and exciting ways with

what the community has to offer. The Travel Café is wired with cutting-edge technology and features local art, dynamic museum-quality displays, plasma screens, Garmin GPS units for rent, AbsolutelyTix a centralized ticketing outlet, and various events showcasing local bounty.

Other "firsts" included the expanded Visitor Information Network with new satellite locations on I-5. A new dedicated PR person helped achieve \$660,000 in publicity success and launched Travel Salem into the social media stratosphere. The first-ever new contract was secured with Woodburn Area Tourism. Several new conferences booked representing significant economic impact and TOT revenues (e.g. Jehovah Witness Conventions) at a time when the local economy was sinking in the recession.

This success is not by accident, but due to the tireless dedication, talent and vision of Travel Salem's staff and Board of Directors. We also thank our partners, elected officials and friends for their support and continued investment in Travel Salem.

Travel Salem exists to drive value through an infusion of new dollars into the economy, fueling TOT revenues and lottery funds, creating jobs and overall quality of life for our communities.

We look forward to working with all of you in the coming year!

KEY PERFORMANCE MEASUREMENTS

Travel Salem promotes tourism which in turn creates steady increases in transient occupancy taxes and overall visitor expenditures. Estimated economic impact (EEI) and transient occupancy tax (TOT) receipts are standard tourism industry performance measurements that demonstrate a sense of how the region's tourism industry is fairing. When evaluating progress, these indicators must be considered with other key

measurements such as leverage and private funding sources. Add into the mix environmental influences and a clear picture emerges of the health of the region's visitor industry and the success of key marketing strategies. While Travel Salem is not the sole contributor to the region's tourism marketing efforts or corresponding economic outcomes, the organization takes a leadership role in tourism promotion.

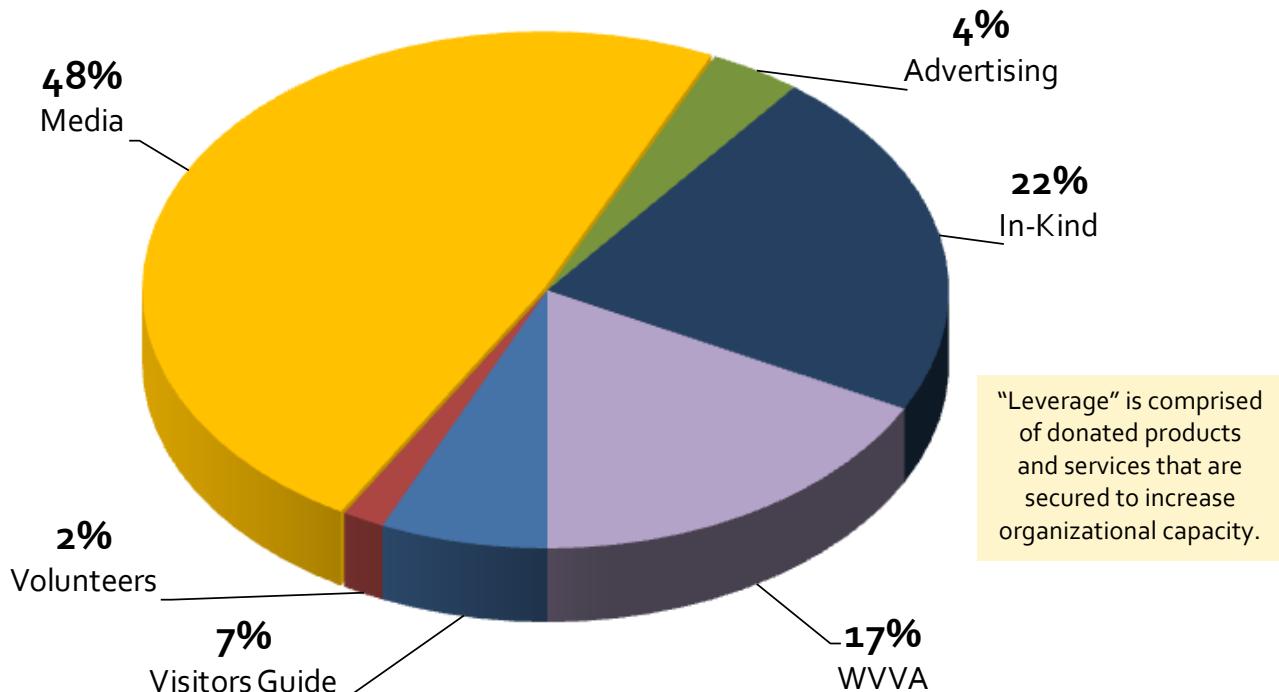

"... the real surprise was your visitors guide. What a wonderful publication!!!
Makes me wonder why I ever left! This has got to make your advertisers proud. As a visitor, I would really be inclined to stay in the area for a week or more, just to see what your publication has suggested to see.
Congratulations!"
